 6. Refer the matter to the City Commission.
- C. Except for Temporary Safety Action, Permanent Removal or Replacement shall be delayed while a timely objection is under review.
- D. The City Commission may make the final determination when staff determines that the matter involves historical significance, family dispute, substantial public concern, or uncertainty regarding ownership, identification, or appropriate treatment.

Sec. 3.010. Unknown or Unlocated Owner Determination.

- A. After reasonable due diligence and completion of the public notice process, the Director may recommend that the City Commission determine that the plot owner, heirs, next of kin, descendants, or other interested persons are

unknown or unlocated for the limited purpose of authorizing Monument or Marker restoration, repair, replacement, or cemetery improvement work.

B. A determination under this section:

1. Does not declare the plot abandoned for purposes of sale or reuse;
2. Does not transfer ownership of any plot or burial right;
3. Does not affect any right of sepulture or interment;
4. Does not authorize removal or disturbance of human remains;
5. Does not prevent a family member or interested person from later providing documentation or requesting review; and
6. Applies only to the Monument or Marker work identified in the City's documentation.

C. If a person later provides credible documentation showing ownership, family relationship, or other legitimate interest, the City shall maintain such documentation in the cemetery records and may review any future work in light of the information provided.

Sec. 3.011. Abandoned Unused Plots.

Nothing in this section shall be interpreted to replace, expand, or modify the statutory process for presumed abandoned plots under Texas Health and Safety Code Section 713.012 or any successor statute.

A City Commission declaration that a plot is presumed abandoned for purposes of sale, reuse, conveyance, or exclusive right of sepulture shall be made only when authorized by state law and only after all required notice, hearing, findings, and appeal procedures have been satisfied.

Sec. 3.012. Replacement Standards.

- A. When Replacement is necessary, the City may install a uniform marker, flat marker, upright marker, or other Monument or Marker consistent with cemetery standards, available funding, historic preservation goals, and site conditions.
- B. A replacement Monument or Marker shall preserve, to the extent known and feasible:
 1. The decedent's name;
 2. Date of birth and date of death;
 3. Military service or veteran status;

4. Religious, cultural, or fraternal symbols shown on the original marker;
 5. Spouse or family identification shown on the original marker; and
 6. Any inscription or historical information that can be reasonably documented.
- C. Replacement shall be respectful, durable, and compatible with the character of the cemetery.
- D. When the original Monument or Marker is partially legible, the City shall not add uncertain information unless the information is verified by cemetery records, official records, family documentation, or other reliable sources.

Sec. 3.013. Historic Preservation.

- A. Monuments or Markers determined to have historical, architectural, cultural, military, artistic, or community significance shall be preserved whenever practical.
- B. Before altering, permanently removing, relocating, replacing, or materially changing a historically significant Monument or Marker, the City shall consider:
1. The age of the Monument or Marker;
 2. The age of the cemetery;
 3. Whether the cemetery or grave is associated with significant persons, events, veterans, early settlers, community leaders, or historically underserved communities;
 4. Whether the Monument or Marker has unique craftsmanship, materials, symbols, or inscriptions;
 5. Whether preservation in place is feasible; and
 6. Whether consultation with the Texas Historical Commission, County Historical Commission, or qualified preservation professional is appropriate or required.
- C. For publicly owned cemeteries that are fifty (50) years old or older, the City shall provide notice to or consult with the Texas Historical Commission when required by the Antiquities Code of Texas or other applicable law before work that exceeds ongoing maintenance or daily cemetery activities.
- D. Original Monuments or Markers removed for safety, restoration, or replacement may be retained, relocated within the cemetery, displayed, archived, or stored by the City when preservation in place is not feasible.

Sec. 3.014. No Disturbance or Removal of Human Remains.

- A. No action under this section shall authorize the disturbance, disinterment, relocation, or removal of human remains.
- B. Any removal, relocation, or disturbance of human remains shall comply with Texas Health and Safety Code Chapter 711, Texas Department of State Health Services requirements, applicable court orders, and any other applicable state or federal law.
- C. If human remains, suspected human remains, burial containers, grave shafts, or previously unknown burial features are discovered during work, the City shall stop work in the affected area and follow applicable legal reporting, preservation, and review procedures.

Sec. 3.015. Family or Private Maintenance.

- A. A plot owner, heir, next of kin, descendant, or other person with a lawful interest in a grave or burial lot may beautify or maintain a grave or burial lot at private expense, subject to reasonable City rules and cemetery standards.
- B. Private repair, restoration, replacement, or installation of a Monument or Marker shall require prior City approval to ensure compliance with cemetery standards, safety requirements, historic preservation requirements, and applicable law.
- C. The City may deny or condition private work that may damage a Monument or Marker, interfere with cemetery maintenance, create a safety hazard, disturb remains, or conflict with cemetery standards.

Sec. 3.016. Records.

The City shall maintain records of Monument and Marker restoration, repair, replacement, removal, storage, relocation, and notice actions as part of the City's cemetery records.

Such records may include photographs, notices, family contacts, ownership information, work orders, contractor reports, Commission action, and final disposition of original or replacement Monuments or Markers.

Sec. 3.017. Emergency Conditions.

When the Director determines that immediate action is necessary due to storm damage, vandalism, collapse, vehicle impact, public safety hazard, or other emergency condition, the City may take Temporary Safety Action without prior notice.

The City shall document the emergency condition and provide notice after the fact when a plot owner, heir, next of kin, descendant, or interested person can be reasonably identified.

Sec. 3.018. No Private Cause of Action; Governmental Immunity.

This section is adopted to establish City policy and procedures for cemetery maintenance and preservation. Nothing in this section creates a private cause of action, waives governmental immunity, or creates liability against the City, its officers, employees, agents, contractors, or volunteers.

SECTION 4. REPEALER.

All ordinances, resolutions, policies, or parts thereof in conflict with this Ordinance are hereby repealed to the extent of such conflict only.

SECTION 5. CUMULATIVE CLAUSE.

This Ordinance shall be cumulative of all provisions of the Code of Ordinances of the City of Pharr, Texas, except where the provisions of this Ordinance are in direct conflict with existing provisions, in which event the provisions of this Ordinance shall control to the extent of the conflict.

SECTION 6. SEVERABILITY.

If any section, subsection, sentence, clause, phrase, or provision of this Ordinance is for any reason held to be invalid, illegal, or unconstitutional by a court of competent jurisdiction, such invalidity shall not affect the remaining provisions of this Ordinance, and the City Commission hereby declares that it would have adopted the remaining provisions regardless of the invalid provision.

SECTION 7. SAVINGS CLAUSE.

All rights, remedies, duties, obligations, proceedings, and actions existing prior to the effective date of this Ordinance shall remain in full force and effect, and this Ordinance shall not affect any pending action or proceeding unless expressly provided herein.

SECTION 8. CODIFICATION.

The City Secretary is hereby authorized to codify this Ordinance in the Code of Ordinances of the City of Pharr, Texas, and to make non-substantive formatting, numbering, and style changes necessary for codification.

SECTION 9. BE IT FURTHER ORDAINED, if any part of this Ordinance is found to be invalid or unconstitutional by a court having competent jurisdiction, then such invalidity or unconstitutionality shall not affect the remaining parts hereof, and such remaining parts shall remain in full force and effect, and to that extent this Ordinance is considered severable.

Introduction

Title VI of the Civil Rights Act of 1964 prohibits discrimination on the basis of race, color, or national origin in any program or activity receiving federal financial assistance. Several other federal legal authorities supplement Title VI by extending protections based on age, sex, and disability. In addition, the Civil Rights Restoration Act of 1987 clarified Title VI enforcement by mandating that Title VI requirements apply to *all* programs and activities of federal-aid recipients regardless of whether any particular program or activity involves federal funds. Taken together, these laws require recipients and subrecipients of federal funds to ensure all programs and services are delivered to the public without discrimination.

City of Pharr, Texas, as a recipient of federal financial assistance, will ensure full compliance with Title VI of the Civil Rights Act of 1964; 49 C.F.R. Part 21 (Department of Transportation Regulations for the Implementation of Title VI of the Civil Rights Act of 1964); 49 C.F.R. Part 21; and related statutes and regulations. City of Pharr, Texas acknowledges it is subject to and will comply with Federal Highway Administration Title VI Assurances.

This plan explains how City of Pharr, Texas incorporates the requirements of Title VI and related legal authorities into its operations. The plan will be used as a reference for City of Pharr, Texas and an informational resource for the public. The plan will be updated every 3 years to reflect changes in Title VI compliance operations.

Discrimination under Title VI

It is the responsibility of every City of Pharr, Texas employee to prevent, minimize, and eradicate any form of discrimination. There are two types of discrimination prohibited under Title VI and its related statutes: (1) disparate treatment that alleges similarly situated persons are treated differently because of their race, color, or national origin (*i.e.*, intentional discrimination); and (2) disparate impact/effects when a facially neutral policy, procedure, or practice results in different or inferior services or benefits to members of a protected group. The focus of disparate impact is on the consequences of a decision, policy, or practice rather than the intent.

Prohibited forms of discrimination may include, but not be limited to, the following:

- The denial of services, financial aid, or other benefits provided under a program;
- Distinctions in the quality, quantity, or manner in which a benefit is provided;
- Segregation or separation of persons in any part of the program;
- Restriction in the enjoyment of any advantages, privileges, or other benefits provided to others;
- Differing standards or requirements for participation;
- Methods of administration that directly or indirectly, or through contractual relationships would defeat or impair the accomplishment of effective nondiscrimination; or
- Discrimination in any activities or services related to a highway, infrastructure or facility built or repaired in whole or in part with federal funds.

City of Pharr, Texas, efforts to prevent such discrimination must address, but not be limited to, how a program or activity:

- Impacts the public;
- Provides accessibility;
- Provides equal access to benefits;
- Encourages participation;
- Provides services equitably;
- Initiates contracting and training opportunities;
- Investigates complaints;
- Allocates funding; and
- Prioritizes projects.

- **Referral\Dismissal:** if the complaint is procedurally sufficient but FHWA (1) lacks jurisdiction over the subject matter or (2) lacks jurisdiction over the respondent entity, then HCR will either dismiss the complaint or refer it to another agency that does have jurisdiction. If HCR dismisses the complaint, it will send the complainant, respondent, and FHWA Division Office a copy of the written dismissal notice. For referrals, FHWA will send a written referral notice with a copy of the complaint to the proper Federal agency and a copy to the USDOT Departmental Office of Civil Rights.

Language Assistance and Limited English Proficiency

Individuals with Limited English Proficiency (LEP) are those who do not speak English as their primary language and have a limited ability to read, write, speak, or understand English as a result of their national origin. Under Title VI, these individuals may be entitled to language assistance with respect to a particular type of service, benefit, or encounter.

Per USDOT LEP guidance, as outlined on FHWA’s Civil Rights website, recipients of federal funds are required to take reasonable steps to ensure meaningful access to their programs and activities by LEP persons. While designed to be a flexible and fact-dependent standard, the starting point is an individualized assessment that balances the following four factors.

Four-Factor Analysis
Factor 1: Number or Proportion of LEP Persons Eligible to Be Served or Likely to Be Encountered

The City of Pharr, Texas, is located in Hidalgo County and serves a diverse population with a significant number of residents whose primary language is Spanish. According to recent U.S. Census Bureau and American Community Survey (ACS) estimates, Pharr has a population exceeding 79,000 residents, with approximately 90 percent identifying as Hispanic or Latino.

Because of the City's demographic composition, Spanish is the predominant language spoken other than English. A substantial portion of residents age five and older speak Spanish at home, and many report speaking English less than "very well." As a result, Spanish-speaking individuals represent the largest LEP population likely to interact with City programs, services, public meetings, transportation projects, public notices, and community outreach activities.

The City recognizes that language barriers may limit access to government services and public participation opportunities. Therefore, the City routinely evaluates the need for language assistance and strives to provide meaningful access to individuals with Limited English Proficiency.

Based on available demographic information, the primary language groups encountered within the City include:

Language	Estimated Prevalence
Spanish	Predominant LEP Language
English	Primary Language
Other Languages	Minimal Representation

Given the high concentration of Spanish-speaking residents, the City of Pharr considers Spanish translation and interpretation services to be essential components of its Title VI compliance efforts.

The City will periodically review updated Census and ACS data to monitor demographic trends and ensure language assistance services continue to meet community needs.

Designation of Vital Documents

The City of Pharr, Texas designates the following documents as vital documents and will make them available in both English and Spanish:

- Title VI Policy Statement
- Title VI Complaint Form
- Title VI Complaint Procedures
- Notices of Nondiscrimination
- Public Participation Notices for Major Transportation Projects
- Language Assistance Notices
- Public Hearing and Public Meeting Announcements related to federally funded projects
- Any additional documents determined to be critical for participation in federally funded programs and services

The City of Pharr, Texas will periodically review demographic data and update its language assistance measures as necessary to ensure continued compliance with Title VI requirements.

Factor 2: Frequency with Which LEP Individuals Come in Contact with the City

The City of Pharr, Texas routinely interacts with Limited English Proficiency individuals, particularly Spanish-speaking residents, through its daily operations, public services, community outreach activities, and federally funded programs.

Departments that frequently encounter LEP individuals include:

- Public Works
- Utility Billing
- Municipal Court
- Parks and Recreation
- Public Health
- Human Resources
- Police Department
- Fire Department
- Emergency Management
- Development Services and Planning
- City Administration

Given the demographic composition of the community, Spanish-speaking residents regularly access City services, attend public meetings, participate in community events, and engage with City staff. As a result, language assistance is often necessary to ensure meaningful access to information and services.

To better evaluate language assistance needs, the City of Pharr will implement an annual review process coordinated by the Title VI Coordinator. Departments will be asked to:

- Track requests for language assistance.
- Document the use of translation and interpretation services.
- Identify public meetings or events requiring bilingual support.
- Report emerging language access needs.

The information collected will be reviewed annually and used to improve language access planning, outreach efforts, and resource allocation.

Factor 3: Nature and Importance of City Programs, Activities, and Services

The programs, services, and activities provided by the City of Pharr are critical to the health, safety, welfare, and quality of life of residents.

Many City of Pharr, Texas services involve matters that directly affect an individual's ability to receive essential services, understand public safety information, access employment opportunities, participate in public decision-making, and benefit from federally funded programs.

Examples include:

- Public transportation and transportation improvement projects
- Emergency preparedness and disaster response communications
- Public health programs and services
- Water and utility services
- Housing and community development initiatives
- Public safety services
- Employment and workforce development opportunities
- Public meetings and hearings

- Parks, recreation, and community programs

Failure to provide meaningful access to LEP individuals could limit participation in important public processes and reduce access to critical services. Therefore, the City places a high priority on ensuring that language barriers do not prevent residents from accessing programs, services, and benefits.

Each federally funded project, program, or public engagement activity will be evaluated individually to determine the appropriate level of language assistance required.

Factor 4: Language Assistance Resources Available to the City of Pharr

The City of Pharr has several resources available to provide language assistance to LEP individuals. These resources include:

- Bilingual English-Spanish City employees across multiple departments.
- Translation of vital Title VI documents into Spanish.
- Bilingual public notices, outreach materials, and meeting announcements when appropriate.
- Spanish-speaking staff available during public meetings and community events.

Because Spanish is the predominant LEP language within the City of Pharr, Texas, bilingual communication is integrated into many daily operations. When necessary, departments may request additional interpretation or translation support to ensure meaningful access.

While this Four-Factor Analysis provides a general framework for language access planning, the City of Pharr, Texas recognizes that language assistance needs may vary depending on the nature of a specific project, program, meeting, or public outreach effort. Therefore, a project-specific assessment will be conducted when appropriate to determine the most effective means of providing meaningful access to LEP individuals.

MEMORANDUM

Purpose

Request approval of the City of Pharr Title VI/Nondiscrimination Plan as required by the Federal Highway Administration (FHWA), the Texas Department of Transportation (TxDOT), and Title VI of the Civil Rights Act of 1964.

Background

Title VI of the Civil Rights Act of 1964 prohibits discrimination on the basis of race, color, or national origin in any program or activity receiving federal financial assistance. As a recipient of federal funding, the City of Pharr is required to maintain and implement a current Title VI Plan demonstrating compliance with all applicable federal civil rights requirements.

The Title VI Plan establishes the City's framework for ensuring nondiscrimination in all federally assisted programs, services, and activities. It outlines the City's policies, complaint procedures, public participation strategies, language assistance for individuals with Limited English Proficiency (LEP), staff training requirements, data collection practices, and monitoring procedures. The plan also designates the Human Resources Director as the City's Title VI Coordinator responsible for overseeing compliance.

Why This Is Needed

Approval of the Title VI Plan is necessary to:

- Ensure the City remains in compliance with federal civil rights laws and U.S. Department of Transportation regulations.
- Maintain eligibility for current and future federal and TxDOT funding opportunities.
- Demonstrate the City's commitment to providing equal access to programs, services, and benefits without discrimination.
- Establish standardized procedures for handling Title VI complaints and ensuring public participation.
- Provide language assistance and meaningful access to City services for individuals with Limited English Proficiency.
- Support transparency, accountability, and equitable delivery of City services.

Failure to maintain an approved and current Title VI Plan could jeopardize the City's eligibility for federal transportation funding and place the City at risk of compliance findings during state or federal reviews.

Fiscal Impact

There is no direct fiscal impact associated with adoption of this plan. Existing City staff will administer the program as part of ongoing compliance responsibilities.

Recommendation

Staff recommends approval of the City of Pharr Title VI/Nondiscrimination Plan and authorization to implement the program in accordance with applicable federal and state requirements.
